About Coart

Coart is a premier sculpture atelier under Ningbo Coart Building Material Co.,Ltd, where artistic vision meets manufacturing mastery. From our integrated 3D design studio to advanced production facilities, we conceive, fabricate, and install extraordinary sculptural works worldwide. Our expertise spans outdoor metal sculptures in stainless steel, corten steel and bronze; lightweight FRP sculptures for retail environments; hyper-realistic simulation figures; imaginative play equipment; and sculptural furniture that blurs the line between art and function. With end-to-end capabilities encompassing product 3D design, sourcing, cost budgeting, translation and communication, quality inspection, and shipment delivery, Coart delivers turnkey sculptural solutions for discerning clients across the globe.

Our Advantages

Product 3D Design

From concept sketches to detailed 3D models, we visualize before we build.

Product Sourcing

Global supply chain access ensures optimal materials for every project.

Cost Budgeting

Transparent, competitive pricing with no surprises.

Translation & Communication

Multilingual team bridging cultures and requirements seamlessly.

Quality Inspection

Multi-stage QC ensuring every piece meets our exacting standards.

Shipment & Delivery

End-to-end logistics from our factory to your site worldwide.

Outdoor Metal Sculptures

Monumental Art in Steel & Bronze

Commanding presences for public spaces. Our outdoor metal sculptures are forged in stainless steel, corten steel, and bronze, engineered to withstand the elements while delivering breathtaking artistic impact for plazas, parks, and architectural landmarks worldwide.
